

Application No. 10/624,791

Atty Docket: BENI 1001-1

REMARKS

Claims 1-86 are pending in this application.

The Examiner contends that there are eight inventions in this application and by the Office Action of 23 July 2004, requires that a restriction be made. Applicant elects, without traverse, the species of Group I (i.e., Claims 1-37, characterized as being drawn to an optical scanner).

Therefore, claims 38-86 have been withdrawn, leaving claims 1-37 for prosecution in this application.

Claim 7 has been amended merely to correct a typographical error.

CONCLUSION

Applicant respectfully submits that the pending claims are now in condition for allowance and thereby solicits acceptance of the claims, in light of these amendments and remarks.

Respectfully submitted,

Kenta Suzue, Reg. No. 45,145
